

NIHRA Certification Credits Information – January – June 2016

NIHRA strives to provide education that contributes to the recertification of our members' professional certifications. Earlier this year, the NIHRA board experienced some issues that prevented most of the monthly meetings from being pre-certified as credits toward certifications. Unfortunately, we cannot get pre-approval numbers for events that happened in the past. However, the NIHRA meetings can still be entered onto each website and used toward recertification. This is the remedy given by both HRCI and the SHRM Certification office.

Please see below for the following:

- Information from each meeting to use when recording the event
- Instructions for entering the info into both the HRCI and SHRM recertification websites

Activity Name/Title	Provider (SHRM)	Description	Start / End Date	Speaker	Program Type (SHRM)	Specified Credit Hours (HRCI)	Requested Credit Hours/PDCS
